

Stephanie Schwartz

Stephanie Schwartz says she has actually been driving snowmobiles for 28 years. Ya, right! Until you see her ride.

As a Freestyle Snowmobiler, Stephanie specializes in big mountain riding. This has led to a career working in the film industry for the last six years and on two TV series. Stephanie has been on the cover of **SnoRiders West** and was the subject of a feature length article in **SnoWest** magazine, among stories in the other major snowmobile magazines.

Between riding and conducting women's mountain riding clinics, Stephanie works at the major international snowmobile trade shows representing eleven sponsors. Foremost among them, Turtle Bros. and Bombardier Recreational Products who assisted with Stephanie's Ski-Doo REV800.

And in her spare time, Stephanie contributes her expertise by working part-time in Turtle Bros. snowmobile accessory department. This is along with being a Laser Technician elsewhere in Red Deer.

In early 2006, Stephanie will be one of three women riding across Alberta in the International 'Way Out Women' Snowmobile Relay to raise funds for breast cancer research. Watch for the team in your community.

Sander and Arjan Spelt began ATV racing seven years ago and went to the head of the pack!

With sponsorship from Turple Bros. and RPM Finance by Honda, they have chalked up an impressive series of wins, summer and winter.

In 2006, the brothers will again be campaigning new Honda TRX 450R's backed by Turple Bros. and RPM Finance. Combined with their own bulldozer for practice track maintenance, they should have a very strong season! Watch for them at a track near you. And don't forget to duck!

Arjan Spelt
