

# CONGRATULATIONS TO A GREAT PARTNER!

## 2006 marks the 50th anniversary of Turple Bros.

2005 marked the 30th anniversary of the Honda Gold Wing. Proof that great ideas just keep getting better all the time.

Glenn Turple, at the youthful age of 77, put over 34,000 km on his Gold Wings last year! We're sure he'll appreciate our 2006 model.

We've added a premium audio system, heated seats, backrest and handgrips. Plus there are new hot-air outlets to keep your toes comfy. We've also added a GPS-based navigation system. And all this added luxury doesn't sacrifice any of Gold Wing's outstanding performance. Rock on, Glenn!

Experience Honda's 'Canadian Trail Edition' ATVs with greatly enhanced rider comfort and rock solid stability.

Check out Honda's Inverter series generators like this EU3000i with plenty of smooth, stable electrical power.

Always wear a helmet, eye protection and protective clothing and please respect the environment. Obey the law and read your owner's manual thoroughly. Honda recommends taking a motorcycle/ATV rider training course.
